Digital Accessibility Statement

Compliance status

This accessibility declaration applies to the current web space.

The site is currently non-compliant with the Référentiel Général d'Amélioration de l'Accessibilité (RGAA) version 4.1.2, as there is no valid audit to measure compliance with RGAA. A Group remediation project is underway for all CMA CGM digital services, which will enable the implementation of non-compliance corrections and the performance of periodic audits.

This accessibility statement will be updated once the audit is performed.

To this end, CMA CGM implements the strategy and actions of the multi-year plan and the corresponding annual plan.
